JACK/IRENE MORRIS MAINTAINENCE/UPGRADE:

Clerk Mahl presented an outline of the maintenance agreement and upgrade to the board and guest. The township board has been doing the maintenance agreement between themselves and the Ogemaw county road commission since 2005/2006, with it being renewed every 5 years. The township pays the prior winters maintenance of Jack/Irene Morris roads then collects said monies from parcel owners of said roads on the next winter tax bill.

As for the upgrade that the road commission has proposed, we are signing the contract with them but the association of Jack/Irene Morris subdivision will pay the invoice directly once work is completed.

Motion by Eileen Fournier support by Todd Johnson to sign contracts with the Ogemaw County Road Commission for upgrade and maintenance of Jack/Irene Morris subdivision.
