Dear Property Owner:

Each year the State of Michigan Guidelines state that the local Assessing Office review 20% of the parcels in their jurisdiction. This information is then updated to ensure a more accurate appraisal of the property.

This process includes:

- Measuring the exterior
- Updating exterior pictures

Staff from the Assessor's Office will be out in the community again this year completing these exterior reviews. Each property should only take a few minutes to complete. Some of this information, such as measurements, has already been gathered over the last number of years, so the re-visits continue to be more efficient each time they are conducted.

If you have any questions or would prefer a scheduled time for this visit, please contact our assessor at (989) 312-3012 or by email at edwardsassessor@yahoo.com.

If your property is gated please contact the Assessor to arrange for access to avoid estimated assessments.

We appreciate your time and look forward to reviewing your property soon!
